

JEROME BITTERLY DENOUNCED APPLICATION FOR BAIL WILL BE BY A CANADIAN MAGISTRATE MADE FOR THAW AT MONTREAL

Who Declares That He Will Be Prosecuted to Full Extent of Law.

JUSTICE BANGS TABLE

With His Fist, Indulging in a Storm and Idlers Raise a Din.

COATCOOKE, Quebec, Sept. 6.—Harry K. Thaw's lawyers having thrown a wrench into the plans to deport him and W. T. Jerome having motored away to Norton Mills, Vt. after his arrest yesterday on a charge of gambling, Coatcooke resumed its normal state today. Thaw, escorted by his counsel, remained in the detention room over the railway station.

Jerome's preliminary hearing was set for 9 o'clock this morning before Magistrate McKee but his counsel was there to ask that the hearing be continued.

Thaw may remain here a day or a week. Not until September 15 is he to appear at Montreal before the king's bench on the writ of habeas corpus obtained by his lawyers yesterday. It is optional with the immigration authorities to have him there at once or keep him here.

Jerome was bitterly denounced by Justice of the Peace McKee in his court rooms today. The gray bearded magistrate was very indignant when Jerome's counsel announced that the New York lawyer could not be present and asked for an adjournment of the hearing in his gambling case.

"I want to say," cried McKee, banging the table with his fist, "that we intend prosecuting Mr. Jerome to the full extent of the law. He can't come here and play his card game before our children. This may be a suburban town but we intend to enforce our laws. Our relations with the American bar are cordial but justice must be meted out in this case."

There was a crowd of about sixty idlers in the court room to listen to the magistrate's storm. They stamped their feet and applauded.

After a telephone and telegraph search, it was learned that Mr. Craft was motoring in New England.

Mallory, who swore out a warrant against him in Justice J. V. Carter's court. The shooting occurred, it is alleged, when the two men had a fight. Tonassa had to be taken to a hospital to have the buckshot picked out of him, but it is stated that he is not in a serious condition. The justice will hear the case within a day or two.

TOO IMMORAL ARE SHOWS FOR POLICE

Of New York City and They Are to Be Ordered Stopped at Once.

NEW YORK, Sept. 6.—The New York police today took active measures to suppress two plays, which lay their chief scenes in disorderly houses. Commissioner Waldo applied for the arrests of the managers of these dramas on the grounds that they are pandering to a low standard of morals. Deputy Commissioner Newburger, who drew up the complaints, after attending both performances, said the warrants would be issued and efforts made to arrest the principal members of the cast.

"From what Newburger has reported to me," said Waldo, "these two plays are very rotten. Of course there is a difference of opinion as to how far police power extends. My

opinion is that such plays are offensive against decency and public morals. It is up to the courts to say what shall be done with the men who put such plays on the stage."

The penalty for the offense, charged by the police, is a fine of \$500 or a year's imprisonment or both.

His assailants lay in waiting for him in front of his house Thursday evening, while he was at the railway station to meet the minister of China, who had just been called from Peking. Upon his return, Director Abe was met by two young men who stabbed him.

The student element, at whose door the assassination is laid, has been very active in politics. Recently three students tried to see the minister of foreign relations and submit to him a solution of the California land question. The sensational press has been attacking the foreign office on both the California and Chinese policies.

NO PENALTY

For Gambling Resort Victims When Tried in Justice's Court.

Seven of those captured in the raids of two gambling resorts on West Pike street Thursday midnight have been acquitted in Justice T. G. Neewarner's court and discharged. The testimony showed that the occupants of the resorts were sitting around, smoking and reading when the officers broke into the places and that no one was engaged in gambling.

As a consequence of these hearings, which were held late Friday afternoon, it is understood the other four men who were captured in the raids will not be tried excepting one, who is accused of being the proprietor of one resort. The other three will be held as witnesses in this case, which will be heard next Tuesday.

BUFFALO, N. Y., Sept. 6.—The Niagara, Commodore Perry's flagship, will not sail for Put-in-Bay as scheduled. As Further Result of Baggage Robbery Case Unearthed by Capt. Campbell.

One stolen trunk was recovered and another trunk, which it is believed was also stolen and which contained \$40 worth of stolen dynamite, was found Friday afternoon in Michael Fragan's shanty at Dola by Captain J. A. Campbell, of the Baltimore and Ohio detective force. Fragan is the man who was jailed by the captain for checking a woman passenger's trunk from Clarksburg to Dola on his own ticket and under the suspicion of being a member of an organized band of baggage robbers that has been systematically working in several cities of this section.

The trunk recovered Friday afternoon was the property of Miss A. Smooth, a nurse at St. Mary's hospital. It was checked by her from Elkins to Clarksburg last Monday and it was evident that Fragan had torn off the original check and had the trunk checked on his own ticket from Clarksburg to Dola before Miss Smooth could have it delivered to her from the baggage department of the local passenger station.

After an investigation by Captain Campbell, it developed that the dynamite had been stolen from the National coal mine near Dola where Fragan works and when confronted by the superintendent of the mine Fragan confessed to having stolen it. The superintendent said about \$140 worth of dynamite in sticks had been stolen from the mine premises.

Fragan denied that he stole the trunks by means of switching the checks and said the ones he received were sent by a brother and other relatives who were coming from Kentucky. Captain Campbell is working on several important clues in the case and hopes to be able to make other arrests in the near future, as well as to recover other stolen trunks.

Thaw's Lawyers Are Elated over the Legal Licking They Gave Jerome

LEAVES MONTREAL

But Will Go Back to Be in Court There on September 15.

MONTREAL, Sept. 6.—An application for bail will be the next move of Harry Thaw's lawyers, who yesterday succeeded in securing a writ of habeas corpus returnable in Montreal September 15.

The legal contingent from Montreal, handling Thaw's case accompanied by "Gentleman" Roger Thompson, the chauffeur who drove the rescue car from Mattawoman returned on a special train from Coatcooke this morning.

While the Thaw lawyers declined to commit themselves it is thought that they will quietly appear in the court of the king's bench either today or Monday and make the appeal for bail.

In legal circles here the belief is held that the Thaw case is now safely launched on its long trip to the privy council. E. Blake Robertson, assistant superintendent of the dominion immigration department, who passed through Montreal enroute to Ottawa said:

"Thaw will be deported. Be sure of that," he said.

Pressed for a statement, Mr. La Flamme, of the Thaw counsel said: "We licked Jerome and there will be no deportation. That's enough for the present."

Foreign lawyers and foreign sheriffs have hurt the dignity of the British courts in the Thaw case," said Justice Gervais, one of the judges who yesterday issued the writ of habeas corpus. "British sovereignty is quite capable of taking care of any person who appeals to our sense of justice. It is not necessary for any lawyer, officer, or any foreign person to intervene. We are quite capable of looking after any stranger. Mr. Thaw will appear before the full bench of the court of appeals and his case will be threshed out there on its merits."

Two other foreigners with Botta were also robbed of money and their watches. Another negro man and three negroes were with Benson when the highway robbery occurred, according to the complaint, and constables are looking for them. Botta's companions did not lose so much money as he did. The negro will have a hearing the first of the week.
